

Port Glasgow: 14 Aug^t 1880

M^r Lloyd's Surveyors
Bearpis

Replying to yours of
 10th re: size of rigging of "Hinto
 Hill" — This ship is an exact
 repeat of the "Madagascar" on
 2^d 183 the under deck tonnage of
 which ship was 1996 tons, the
 Board of Trade have measured this
 one 2002 tons which we dispute,
 but as some of the cargo is on
 board it would be a matter
 of difficulty to have the ship
 remeasured, and we don't
 think in the circumstances it
 is necessary

M^r Litherow will see M^r Stanbury
 on this point
