

Lloyd's Register of British & Foreign Shipping.

13. Hamilton Street. Greenock.

15<sup>th</sup> August 1892

Dear Mr. Jordan.

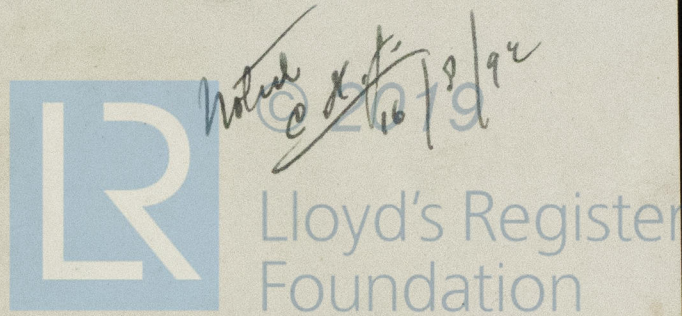

Will you kindly alter  
on Photo copy of midship  
Section, sent up from here,  
for preparation of certificate  
of "Ballastwater", the thickness  
of sheerstrake from  $\frac{14}{20}$  to  $\frac{13}{20}$ .

The thickness was  $\frac{14}{20}$  in the  
original midship section  
for sister vessel "Beacon Rock"  
per owner's specification; but

in this vessel the thickness  
has been fitted as per  
Rule, viz  $\frac{13}{20}$

I am Dear Sir  
Yours faithfully  
C. Burnley.

C. H. Jordan Esq.
