8th October, 1894

Sir,

With reference to your letter of the
5th instant, respecting the Steel Sailing
Ship "Parnassos", I beg to state that
the depth of the vessel from top of Keel to
top of upper deck beams is slightly under
the 25' 10½" stated, to the extent of about ¾".
This will give a moulded depth of 25' 0",
instead of as stated on my report. I
regret that these measurements were not
made to agree in the first instance.

I am,

Sir,

Your Obedient Servant
J. J. House

The Secretary,
Lloyd's Register
London.
