Dear Sirs,

Your favor of 3rd inst. is received.

The Heads and the Anchors have gone thro' every examination and have been passed by Lloyd's Surveyor, and testing Office at the Works, and at the testing Machine, as witness the documents furnished to you.

We have not altered our usual course in dealing with these Anchors, and do not see where any question can arise.

Your further esteemed commands will oblige.

Yours truly,

For Henry P. Parkes & Co.,

George Parklam.
