LLOYD'S REGISTER  
LONDON  
REC'D 11 FEB 95  
ANSS

Lloyd's Register of British  
and Foreign Shipping.  
11, Cross-shore St. Greenock.

February 9<sup>th</sup> 1895

*the Secretary.*  
*Sir.*

With reference to your  
clanking letter of yesterday's date regarding  
the cellular double bottom of the S/s "Neptune"  
ex "James Watt" I beg to enclose herewith  
a form showing the capacity of the forward  
and after tanks as supplied by the Builders  
Messrs R Duncan & Co. The engine and Boiler  
space in this vessel, of a length of 54 ft and with  
a capacity of 95 tons is not used now for  
water ballast.

*Yours, Sir,*

*Your obedient servant.*  
*Sam Nash*
