

CERTIFICATE FOR STEEL WIRE RIGGING.

We hereby Certify that the ~ fathoms of
 $4\frac{1}{2}$ inch circumference galvanized Steel Wire Rigging
supplied to Mess. A Rodger & Son, Port Glasgow
for the Ship No 319. "Unholm" is
composed of six strands, each containing seven wires of .159 inch
diameter, and that the several wires, after being galvanized, have
been subjected to, and have successfully withstood, the following
tests, viz.:

Each wire has withstood a tensile stress at least equivalent to that
set forth in Table No. 11 of the Rules of Lloyd's Register
of Shipping, and the aggregate strength of the wires is not less
than 10 per cent. in excess of that stress.

Each wire has been twisted eight times round itself as a core, and
untwisted again and straightened without fracture.

No hemp has been used in the strands, a hemp core only being fitted.

We guarantee that the Steel Wire Rigging of
 $4\frac{1}{2}$ inches in circumference above described will bear a strain
of 38 tons without breaking.
