Messrs J Taylor & Sons

Dear Sirs

We have yours re weight of Anchors & chains No 396. and note you will attend to this matter carefully in future. We were always under the impression that provision was made in quoms for outfit to pass Lloyd's requirements, and when they challenge the matter we must apply to makers for redress. Lloyd's surveyors here have no instructions that $\frac{1}{2}$ per cent is allowed under minimum weights and we certainly never heard of such
