REC'D 24 SEP 1897

ANSR

Sir,

I have to acknowledge receipt of your letter dated August 21st referring to the 'Cedarbank', also copies of letters from the Owners of that Vessel.

The Owners lay great stress on the Condition of the Main Mast, and appear to think it should have been Condemned —

All the damage apparent is —

2 or 3 splits in Chock defective

Cap - a little bent

Truss band broken and

The Cover on top of Mast gone

The mast will be landed with the others and will be made good —

The Vessel has to the present discharged about 1500 tons of Cargo, and the discharge will continue.

I am
Sir
Your Obedient Servant
Stephen

GRK338-0118
