The Secretary,

LONDON.

Dear Sir,

I beg to acquaint you that we have forwarded to you for consideration, under separate cover, a plan in duplicate of 30 whale oil boilers proposed to be made by Messrs. Nydqvist & Holm A.-B., Trollhättan, and intended for the steamer "STOCKHOLM", which is undergoing alterations at this port.

As the makers are anxious to order the material, the plans have been examined in this office and compared with the plan of a similar boiler approved in the London Office for the S.S. "LANCING" on the 14th July 1926.

The makers have been informed that the scantlings and arrangements appear to be in order, but we shall be glad to receive a cable confirming this.

I am, Dear Sir,

Yours faithfully,

Geo. Webster
