

S. S. "S O L G L I M T".

This vessel is being converted at Gothenburg to carry whale oil in bulk.

Mr. Christensen, of the firm of Messrs. Arnesen, Christensen & Smith, Ltd., has called at this Office and stated that Mr. Arnesen, of his firm, has requested him to take up with this Office the questions of the fitting of brackets connecting the side stringers to the transverse bulkheads in the tanks, and of the equipment.

It is submitted the Gothenburg Office be requested to forward to this Office a sketch showing the Builders' proposals for efficiently connecting the side stringers to the bulkheads. At the same time they might be informed that it is understood Mr. Arnesen considers ~~these~~ brackets need not be fitted.

They should state the equipment number, and the present position regarding the equipment of the vessel.
