

Lloyd's Register of Shipping,

"Broströmia," Packhusplatsen 6,

Gothenburg, 2nd April, 1929.

The Secretary,

LONDON.

Dear Sir,

I beg to inform you that we have forwarded you to-day for consideration, under separate cover, a plan, in duplicate, showing proposed alteration to the hole in the shell plating for the whale dock in the steamer "SOLGIL" ex "STOCKHOLM", and I shall be glad to know whether any alterations in the shell and deck doublings are considered necessary. The plan of whale dock, approved in London on the 12th ultm., is also forwarded in order that any modifications considered necessary can be indicated thereon.

The Owners state that the alterations to the hole is necessary because of the danger of the whale jamming in the opening when being taken in from forward.

I am, Dear Sir,

Yours faithfully,

Geo. Lochte
