The Secretary
London

Sir

I beg to inform you that in
accordance with a telegram —
received from the Surveyors at
Hartlepool, a copy of which
is attached. I visited the
S. S. Bowtor in Tyne Dock
yesterday, & found that
no engine suction pipes are
fitted in the after-most hold.
There are sluice valves fitted at
after end of tunnel, to drain
this hold into tunnel well.

Your Obedient Servant
Jas Barclay

Referred to the Chief Surveyor
and Chief Engineer Surveyor.
