

12<sup>th</sup> April 4

Wm. Jones & Co.,

Dear Sirs,

With reference to  
letters to you dated 26<sup>th</sup> Feb., 20<sup>th</sup> March, and  
3<sup>rd</sup> April requesting that the frame angle be fitted in  
places where now omitted on after hold stringer of your  
No. 204, and to our conversations regarding the same, I  
must point out, that as you have now sent this vessel  
away without this being fitted, as repeatedly asked for by  
the Committee, it will now remain for the Committee  
to determine what action they will take with regard  
to the class of the vessel, seeing that their requirements  
have not been complied with.

Yours truly  
R. Jones
