The Secretary,

London,

Sir,

We beg to submit for the consideration of the Committee a letter received from Messrs Gunston & Co, of Liverpool, in reference to a small steel tug named the "Newark", and will be pleased to be informed if we may undertake this survey, and if so, what fee should be charged.

There are also enclosed a letter from Mr J.S.Watson, the Owner, and a plan shewing some of the scantlings and arrangement of this vessel.

We are not in a position to express any opinion as to the suitability of this vessel for towing cargo launches in Valparaiso Bay.

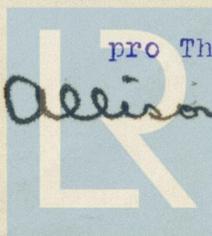

We are,

Sir,

Your obedient Servants,

pro The Surveyors,

*Allison B. Wilson.*
