

Ship Surveyor 5.7.10

Received from Chief Ship Surveyor _____

NAME SS Lus Vive ex Ariosto Rpt. April No. 22678

Remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement. —Extract from Sub-Committee's Report, 24/5/92.

Equipment.

This vessel was classed on the 1st March 190A Aowing deck with freeboard as certificates were not produced for the 2nd Bower anchor or the chain cables & steam chain.

The Hull Surveyors now report that the Equipment has been again examined & that certificates for the anchor in question & the chain cables have been produced & the marks thereon found to correspond with those on the anchor & chain cables.

90 fathoms of steel wire of proper size & test have also been supplied in lieu of the steam chain.

It is submitted this vessel appears worthy now to be classed 100A-1. Aowing Dk with freeboard.

100A-1. Aowing Dk with freeboard.
