Dear Sir,

Re "Byculla"

In answer to your of the 9th inst Marked M. in
reference to the above named Barge, the reason I recommend
the same to the consideration of the Committee and recommend
10A, was she is a fact similar to the Ketch Barge "Tenolia"
No in register book whose report number was 2056
built by the same firm, which was submitted for class when
nearly complete, which the Committee awarded 10A1. But in
this case the workmanship is better than in Tenolia and
a large quantity of the deck are of the best pine which whereas
the No 2056 was all Red pine, I also beg to append
a Copy of the Letter sent on with the report on March 3rd
1886 so far as relate to the Construction of some parts
that is well be satisfactory

Yours Al^{ly} Serv^t
