The Secretary
Lloyds Register of Shipping,
2 White Lion Court E.C.

Dear Sir

Mr Sharrer the owner of the wooden
barque "Maori" has forwarded to us your
letter of the 5th inst, desiring us to reply
thereto. — We have to inform you that
the vessel is in dry dock undergoing
numerous repairs under the superintendence
of Mr J. C. Coxhead on behalf of the Under-
writers. We understand that she has
run off her class, and it is not the owner's
intention to reclass her, as she will be

used only as a hulk on her arrival on the East Coast of Africa. — What is necessary to be done for the voyage out, will be done under Mr Coxhead's supervision. We would therefore ask on behalf of the owner that, pending these repairs which are being pushed forward & all of which we do not as yet know of, the Committee do not place the black ring over the figure I in the vessel's character in the meantime. —

We are, Sir
yours faithfully
Forrestt Lou
