General Observations and Opinion,

Caulking of Bottom, Deck, and Waterways

Has been in the graving dock & bottom outside painted, but in consequence of ballast being in the hold, the ceiling has not been lifted for biennial survey, altho a written notice was left on board 16th June - It is now lying up said to be for sale. I therefore respectfully leave it for the Committee's consideration whether her Character should be expunged until the necessary survey be held.

Committee's Minute

6th December 1859.
