**Workmanship.** Are the lands or laps of the clenchwork in all cases in breadth at least five times the diameter of the rivets in double riveted edges and butts, and at least three times the diameter of the rivets where single rivetting is admitted? Yes

Do the edges of the carvel work and of the butts fay close together throughout their length without requiring any making good of deficiencies? Yes

Do the fillings between the ribs and plates fill in solid with single pieces, or ~~or~~ <sup>in short lengths of various thicknesses?</sup> Yes

Do the holes for rivetting plate to frames, lining pieces, or plate to plate, &c., conform well to each other? Yes - and are the rivet holes well and sufficiently countersunk in the outer plate? Yes

Are there any rivets which either break into or have been put through the seams or butts of the plating? a few in corners of Butts

and Painted  
Her Masts, Yards, &c., are in good condition, and sufficient in size and length.  
**No.** She has SAILS.

A Double Set of Sails  
Fore Sails,  
Fore Top Sails,  
Fore Topmast Stay Sails,  
Main Sails,  
Main Top Sails,  
and

condition, and sufficient in size and length.

CABLES, &c.

	Fathoms.	Inches.
Chain	300	1 $\frac{1}{4}$
Hempen Stream Cable	300	10
Hawser	Chamfered	60
Towlines	90	5 $\frac{1}{2}$
Warp	90	5
All of Good quality.	90	4

Tested June 15th 1864

ANCHORS, and their weights.

N.	Weight.
Admiralty Anchored	30.0.
Bower,	30.0.
Grotnans	182.2.
Stream,	112.0.
Kedge,	20.0.0.
	3.0.1.

Her Standing and Running Rigging

Gaff Main 2. Hemp

sufficient in size and Good in quality.

She has two 26 feet Long Boat and two of 24 feet and one of 20 feet

The present state of the Windlass is new Capstan new and Rudder new Pumps new and efficient

**General Remarks, Statement and Date of Repairs, extent of corrosion (if any) both internally and externally, and condition of rivets.**

- DATES of Surveys held while building, as per Section 17.**
- 1st. On the several parts of the frame, when in place, and before the plating was wrought Built under special Survey and seen on the following dates July 11, 17, 25, Dec 3, 10, 17, 1863
- 2nd. On the plating during the progress of rivetting Survey and seen on the following dates July 11, 17, 25, Dec 3, 10, 17, 1863
- 3rd. When the beams were in and fastened, and before the decks were laid Survey and seen on the following dates July 11, 17, 25, Dec 3, 10, 17, 1863
- 4th. When the ship was complete, and before the plating was finally coated Survey and seen on the following dates July 11, 17, 25, Dec 3, 10, 17, 1863
- 5th. After the ship was launched Survey and seen on the following dates July 11, 17, 25, Dec 3, 10, 17, 1863

This vessel is fitted with a Full Pop, Forecastle and a House on Deck for the Crew; the Glims are not quite up to the moulding required by new rules but are 1/8 thick; the Framers are spaced 31 ins apart as sanctioned by Comon's letter to Builder who at that time was unadvised of the alteration defining the moulding of floors and made them as he moulded ~~in conformity with~~ the then existing Rules; the Floor Arms are extended up the Bilges as required

Fitted with an intermediate keelson midway between middle line and Bilges as sanctioned by Comon's letter 14th Oct formed with a Bulk head  $8\frac{1}{2} \times 2\frac{1}{2}$  and two Angle Bars  $5 \times 4\frac{1}{2}$ . All Bulk Straps are double Cham Riveted just an increase width of strap

In what manner are the surfaces preserved from oxidation?

Flat of Bottom coated with Paraffin Cement, remainder with Red Lead and Black varnish

I am of opinion this Vessel should be classed A. 1

The amount of the Fee £ 5: - : - is received by me,

John Miller

Special £ 52: 18: -

Certificate (if required) £ 0: 0: 0:

**Committee's Minute 16<sup>th</sup> August 1864.** Nam & Son Masts formed with three Plates  $\frac{3}{8} \text{ to } \frac{5}{8} \text{ thick}$ , double over lap joints and Butts double Riveted

For. main and fore yards of Steel  $55.70 \times 10.73$  in the above  
For. main and fore topmasts of Steel  $10.75 \times 10.75$  in the above  
Remainder of Spars Red Pine and Spruce
