

14662 Iron

Lloyd's Register of British & Foreign Shipping.

Port of Sydney N.S.W.

Copy

April 12 1875

This is to Certify, that I have
Surveyed the E. J. Spence Bay
— 520 tons registered belonging to
Melbourn Capt. J. H. Gill

and that I have transmitted to the Committee of
Lloyd's Register of British and Foreign
Shipping, London, a Report, as on the other side,
stating that all repairs recommended by me have been
completed to my satisfaction and that the vessel
has been submitted to my examination
for special survey and so far as is
hereafter described, on the other side

Wm. P. D. D. D.

14662. Iron.

New mounted Bowprit of first class
quality, proportions, and made has been
shipped and fitted

The Quessel has been docked, cleaned, and painted. Bottom has been carefully examined and found to be everywhere in first class order - The Ship inside and all her equipment have been carefully overhauled, and everywhere. The state of everything and place. Sheer that she is kept in excellent order - The whole of the inner for special survey work. have not however been completed with, inasmuch as the timbers have not been lifted. nor has a share of ceiling been removed. but from the good condition of the ship elsewhere. I have no doubt but that these parts will be found to be in corresponding good condition.

I therefore report that the ship
is fit to carry any & perishable cargo
bound to Hong Kong
