Sheerstrakes	Clamps and Shelves	Cables
Topsides	Ceiling	Hawsers and Warps
Wales	Rudder	Standing and Running Rigging
Plank (Bottom) and Counter	Copper	

General Observations and Opinion, This vessel came on the Steep at Malmo chiefly to clean and paint Bottom and inside of Hold, at same time to examine Propeller, Shaft and Funnel and different parts of machinery. In fact to give the vessel a fair overhauled sent far to examine the state of this vessel in question. I have now to report that she in every way is now in first rate Order desiring the Committee to grant a new Certificate to that effect.

Committee's Minute 4 August 1876 Charges made
