Particulars of Repairs and Examination In June last the machinery of this vessel was surveyed and a machinery certificate granted for 12 months only owing to there being a flaw in the crank shaft. This half crank shaft in which the flaw was has now been taken out and a new one fitted. It is submitted that the vessel is now eligible to have a new machinery certificate granted and the notification Lloyds M.C. 7.78 recorded without the limitation for 12 months.

to be clearly stated.

subsequent repairs
