Classed — Years assigned — Character in Register Book. 100 A 1. 2,80

Last Survey, No. 25730 Port Lyon

REPAIRS, OR EXAMINATION AS PER RULE Special Survey No.2 — S. S. Lon No. 1-76.

Cause of Repairs to be clearly stated.

Placed on blocks in dry dock and the hull and bottom examined. The timber heads and ceiling wing to three frames all fore and aft on each side removed; the Boilers removed, and the annealing of bottom and iron work examined and made good. The Chain Cables ranged on deck, and with the Windlass, Anchors, and general equipment attended to.

Repairs now done. The side keelson angles, and Reverse Bars in Boiler Space, when found worn, renewed, or made good by doubling plates. The tie plates and Latch Coamings on Boilers refitted, and a large portion of main and upper decks in way of same renewed, and re-caulked, and the Engine and Boiler trunk Coamings renewed. Steering gear overhauled. The ceiling in holds repaired, and the vessel cleaned and painted

| | | Caulking of Bottom, Deck, & Waterways | Good | | |

Engine Room Skylights Good Coal Bunker, Openings, Lids, &c. Good Scuppers Good Cargo and Main Hatchways Good Hatches Good

General Observations, Opinion as to Class, &c. The requirements of S. S. No 2 have now been complied with, and the vessel is now in good and efficient condition (excepting that the equipment is short one Bower Anchor, the Cage Sheet Anchor and 45 fathoms of Chain Cable which are to be put on board in London). If the required equipment being supplied the vessel is eligible in my opinion to remain as classed, and to be noted S. S. No 2.80, in the Registry Book
