Dear Sir

We have your favour
of yesterday, and beg in reply
to state that, in conformity
with the request of your Committee,
we hereby guarantee to fix the
extra clamp plate fore & aft as
set forth in your letter of the
14th Inst, to the satisfaction of
one of the Society's surveyors, at
the first convenient opportunity, &

shall be glad to receive the
clarification. We cannot help,
however, regretting that your
Committee should think it necessary
to put us to this expense.

We are, Dear Sir,

Yours very obediently
Martin Samuelson
