

White Bank Engine Works
Kirkcaldy 30 June 1865

J. S. S.

Mr Graham is from home, but I have enclosed
you our memorandum filled up by him
also have enclosed you the certificates of the
Chains and anchors of N.3.S.5 (Thompson's Patent)
which please return — I saw you assisted
in Leith the other day and I described him to
say to you, that I was of opinion, that I should
set A class for N.3. you are quite aware
from the extra strength shown given to all
Imperceptual fastenings and the superior
character of the work generally, she is quite
equal & has cost me as much expense
as though I had built her strictly in
keeping with your A class, I will therefore
feel much obliged if you will bring this
under the notice of your committee and
oblige —
