

West Hartlepool, 4th May 1860

George B. Saffery Esq

Sir

I beg to hand you the
accompanying report of the Screw Steamer
"Marmora" of 54.70 tons gross, below main
deck 604.45 tons. She has been constructed
to the 500 ton scale, to class A, the
tonnage has now come out above the 500,
was originally commenced by Messrs Pile
Shence & Co. framed & beam'd by them, sold
to Messrs Denton Gray & Co. & completed.
is sister vessel to the "Bosphorus" of 25
tons, with the exception of the engine.

tonnage per the scale to which she was built.
I am of opinion she is worthy the favour &
consideration of the Committee for the ~~BA~~
grade.

I am Sir
Your obedient servant
S. P. Gladstone

2 White Lion Court
Cornhill

P.S. Engineer's Certificate of engine
will be forwarded to morrow. Just recd
& enclosed S. P. G.
