

BUILDING YARD PINTHOUSE,
WORKS, WHITEHALL FOUNDRY,

Pinthouse Ship Yards

Glasgow 12th Jan'y 1870H. Connish Esq
Dear Sir

Rec 17/1/70 JH

The "Earl King" being now completed, we beg you to lay before your Committee the facts relating to her class, viz that the scantlings are above the requirements for your new class *A. for a vessel between 1000 + 1200 tons, now her tonnage under deck being only $\frac{95}{100}$ of a ton above, we hope your Committee will take it into their favourable consideration to grant her this class.

We remain
Yours truly
Wm Macmillan
for A & J. Inglis.
