

Ulster Iron Works.

Abercorn Basin.

Belfast, Nov 6<sup>th</sup> 1869

Sir

We are ready to proceed with the building of a vessel we have contracted for with Mr. Otto Pohl of Liverpool.

We are informed by him that you have not yet sanctioned our proposed plan for the sliding keels.

We should feel greatly obliged if you would expedite this as much as possible as we are anxious to commence at the vessel at once and the casings for the keels are the first things to start of.

We are Sir
