Glasgow. Sept 15. 1870.

Geo: B. Snyfang Esq

Sir,

In forwarding the Report  
of the new Iron S.S. "Acantha"  
I omitted to state that, by Circular  
No 248, the thickness of the plating  
would entitle her to the  class;  
and that by Committee's letter  
of the 2<sup>nd</sup> Feby/70, the Tonnage  
under the tonnage deck being  
under 700 Tons, the three lands  
of plating single riveted will  
not be allowed to militate against  
her claims for the  class.

Enclosed I beg to return  
the certificate - the owners  
are anxious of obtaining ~~the~~ a  
new certificate with the  1  
character as soon as possible.

I am Sir

Your Obedt Servant
