Registry for Iron Vessels.

All communications to be addressed to the Secretary

Liverpool May 4th 1872

No 23260

Messrs Nelson & Co

Liverpool

Dear Sirs

This is to certify that the Anchors and Chains now on board the "Cecilia", have been examined and compared with the dimensions and weights of those originally put on board in 1863, when the Ship was classed in this Registry, and are believed by the Surveyors to be the same. No record of the test notes now exists in this office, but as these were always required before a Certificate of Class was granted, I have no doubt that they were at the time properly presented and examined.

I am Dear Sirs
Yours very obediently
W. W. Rundell
Secretary

J Wild
