

Wed Aug 30th

Wed Aug 30th

Am Bk "Eclipse"

On reference to the First Entry
reports the scullings do not appear
sufficiently large to settle this vessel
to be classed 90 A: it is however con-
sidered desirable that Mr Davidson
should endeavour to furnish a sketch
of the midship section with scullings,
and arrangements of keelsons &c, marked
on it for the information of the Committee.
