

Extract from the Committee's Minutes dated 14th October 1875.

"Read a letter dated 9th October, from Mr. Bath,
"the Society's Surveyor at Barrow, regarding the boiler of the S.S.
"Howard" classed 90 A 1.

"Read the remarks thereon by Mr. Parker, the
"Society's Chief Engineer Surveyor.

"Ordered

"That the Barrow Shipbuilding Company be
"informed that the Committee will require to be satisfied
"from a report by the Society's Chief Engineer Surveyor, before
"the ship proceeds to sea, that the boilers are quite satisfactory,
"in order that she may retain the character which has been
"assigned to her."
