Mr

S.S. "Libra" late Frank Butters

I beg to advise you that according to
your request - I called on Messrs. Harvey & Co
and made them acquainted with the
substance of the letter forwarded me - in
reply to their communication respecting
that vessel - - - I did not consider
myself at liberty to give them a copy of
the letter as they requested - They however
intimated that their interest in the vessel
had ceased - and they should forward the
substance of the reply to Mr Frank Butters
In forwarding the report of this vessel
I stated that the Fee had been received
by me knowing that I should receive it
from Harvey & Co - they now intimate they
have no right to pay either the Classification
Fees - or the Survey Fees for Mr. Warren and
myself - and say that those expenses -

should be borne by Mr Parbury. The
present owner - as it is for his
benefit only - when she is closed

Remain Sir
Your obedient servant

State views in
regard to fees -
for Pleasure.

On 3/12 Frank Batters, 46b King
The Entry fee £5 - not yet paid
is due from
the present owner
for Entry, or must
be otherwise paid.

The fee for Survey
while building
(sum not stated)
should be
moderate

Mr. Inglethorpe has
suggested in a
communication by writing
"Fees received by me
October 1875"
when such was not
the case

would appear to
be due from
the Builders or
the owners at
that time, but
the Committee
look to the Ship
for the fees, so
that the present
owners must
pay before Claspings
unless otherwise
