Dear Sir S. S. Acklam.

We should like to sign Certificate for this vessel with as little further delay as possible. - & hope you will be able to give the Equipment Number notwithstanding the unfortunate occurrence of the Anchor Chains having been tested at a Machine not Recognized by your Society. which we were not aware of until it was pointed out to us by you, & which could easily have been remedied had we only known at the time. - We are, Sir, faithfully
 Yours,
