Southampton 7 October 1875

B. Wraymouth Esq<sup>r</sup>  
Sir

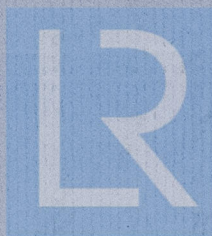

Having had a consultation with  
Messrs Baylunners & Co with reference  
to the S.S. Vessel they are building  
I beg to transmit a letter received  
from these gentlemen for the  
favorable consideration of the  
Committee. Seeing this vessel  
is not intended for a general  
Cargo vessel, therefore the proposals  
made I am of opinion will be  
sufficiently complying with the rules  
for the service this vessel is intended  
to be employed (viz) from Alderney  
to other parts of the Channel Islands.

I am  
your obedient servant  
Edw<sup>d</sup> Elliott
