

## Screw Steam Yacht "Dobkran".

This vessel has been built for a pleasure Yacht and is to be designated as such in the Register book. In such cases the Committee have not insisted on the equipment being in strict conformity with the requirements of Table 22. The tonnage exceeds the grade by seven tons, but the Ruler states he is satisfied, provided the same meet the approval of the Committee for the Figure 1.

In other respects the vessel merits the favorable consideration of the Committee to be classed 100 H 1 (Yacht) as contemplated.
