

"  
Spar decked Screw Steamer H. I. Palliser".  
720  $\frac{68}{100}$  Tons.

It is submitted that this vessel has been built in accordance with the approved plans appended, and appears to merit the favorable consideration of the Committee to be classed 100 A1-  
Spar decked as recommended.

"1<sup>st</sup> & Spar deck, 3 trs. of Bms".

The two large Bower Anchors are each 1 cwt heavier than required and the third Bower anchor is 16 Cwt. instead of 17<sup>c. 2.</sup> 3-11 as required, but the aggregate weight is equal to the requirements of the Rules.
