Deptford Yard.

Sunderland Nov 4 1876

LS 6/10/76 LS

Dear Sir

"Medusa"

In reply to your letter
of yesterday, I have to say
that, as I do not require the
Repairs to be registered the
charge of £3. is not applicable.
I have always understood that
the Registration of Repairs is
in cases where they have been
rendered necessary by decay
or when they have been large
and of such a nature as to
improve the character of the
ship and quite different from
what was done to the "Medusa".
The Docking Survey on this

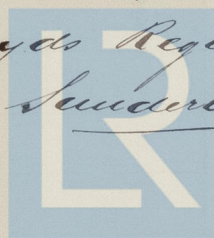

Ship was rendered necessary by
having touched the ground and
the work done was the removing
of ^{nine} bulged plates which were
straightened and replaced and
for which the 2 guineas was
charged and paid

I am Dear Sir

Yours Truly

James Luning
