**Timbering.**—The Space between the Floor Timbers and Lower Foothooks is 2 Inches. The Space between the Top-Timbers is 4 Inches.

The Floors consist of English oak

The First Foothooks of English oak

The Second Foothooks of English oak

The Third Foothooks and Top Timbers of English oak

The Shifts of the First and Second Foothooks are not less than 3 feet 9

N. B. When less than prescribed by the Rule, state how many.

The rest of the Shifts of the Frame are 4 feet 6 feet

The Frame is well squared from the First Foothook Heads upwards, and all free from sap, and from thence downwards, the frame is well squared

The alternate Frames are all bolted together to the Gunwale.

N. B. If not, state how bolted.

The Butts of the Timbers are all close together; their thickness not less than 3 of the entire moulding at that place.

The Frame is part chocked with a Butt at each end of the chock. The remainder before heads & tails & part scarp'd

The Main Keelson is Greenheart and all free from all defects. The Main piece of Windlass is English oak

The Stem, and Stern Post, consist of English oak Deadwood, of English oak and are free from all defects.

The Deck and Hold Beams consist of English oak The Breasthooks of English oak The Knees of English oak

**Planking Outside.**—From the Keel to the Height defined in Note to Table A or to the First Foothook Heads the Plank is Red pine

From the above named Height to the Light Water Mark Red pine

From the Light Water Mark to the Wales Red pine

The Wales and Black-strokes are English oak

The Topsides English oak

The Sheer-strokes and Plank-shears English oak

The Water-ways { Upper Deck Red pine

The Decks Yellow pine Lower Deck none

State of very good

The Shifts of the Planking are not less than 7 Feet 11 Inches. N. B. If less than prescribed by the Rule, state whether general or partial, and if partial, in what part of the Ship.

The Planking is wrought 3 strokes between, and without step-butting

**Planking Inside.**—The Limber-strokes and Bilge-strokes are White oak

The Ceiling, Lower Hold, and between Decks Red pine Shelf Pieces and Clamps White oak

**Fastenings.**—To Hold Beams No Hold Beams

Deck Beams Double wood flogging Knees and four Pairs of long Iron Hanging Knees all well fastened

Number of Breasthooks Three Pointers One Pair Crutches 2 Holes 19 ft 1

Butts End Bolts are of Iron in the Bottom, and one Bolt in each Butt End through and clenched. + one short bolt

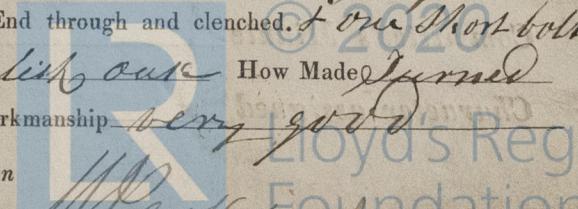

Bilge and Limber Strakes Iron bolted through and clenched. Treenails of English oak How Made turned

Thickstuff over Double Floors bolted through and clenched. General Quality of Workmanship very good

We certify that the above is a correct description of the several particulars therein given

Builder's Signature Daniel Ferguson & Co Surveyor's Signature

L1V584-0389

Her Masts, Yards, &c. are in good condition, and sufficient in size and length.

She has SAILS.

No.	Sheets
1	Fore Sails,
1	Fore Top Sails,
1	Fore Topmast Stay Sails,
1	Main Sails,
1	Top Sails,
1	Gaff Main Top Sail and to the gallant Sail
