Mr C. Davey &
Lloyd's Register of Shipping
Liverpool.

Gentlemen / I am in receipt of your
letter of yesterday and note contents -
I consider from the peculiar build of
"Lady Frere" and what has already
been done in opening her out, that you
have had a better opportunity of seeing
what the ship is, than could have been
afforded by any vessel of ordinary
construction - I decline therefore most
positively cutting the ship any further
as such I believe would only be doing
injury to the property

I am Geo W
