

LIV 384-0436

East India Chambers
Leadenhall Street.
14 May 1867

Sir,

I duly received yours
of the 9th and note contents

With regard to the
paragraph contained in the latter
part of your letter of the 2nd Inst.
I confess myself unable to under-
stand it - as I am not aware
that any alterations are necessary
to the "Zenobia" - I have said I
am quite ready to drive out and
substitute with Copper or Yellow
Metal, as your Surveyors propose,
the few remaining Iron bolts - only
requiring the Committee on their
part to assure me that by so doing
I shall have the 15 years original
Classification and one third
continuation for the ship.

I am Sir
Your Obedt Servant
