Hand-drawn plan view of the fore and aft sections of a boat hull. The drawing shows the internal structure, including the donkey boiler recess and various stiffeners. Key features and labels include:

- Donkey Boiler Recess:** A rectangular area in the center, labeled "DONKEY BOILER RECESS" with a width of "12' 0\"".
- Stiffeners:** Vertical lines representing stiffeners. On the right side, a note states: "Stiffeners on sides of Recess in hold 5' deep covered with wood".
- Fore and Aft Sections:** The drawing is divided into "Fore" and "Aft" sections by a vertical line. The fore section is on the left, and the aft section is on the right.
- Structural Details:**
 - SEMI R. REAR ON FORE SIDE:** A label pointing to a structural feature on the fore side.
 - W.T. DOOR:** A label pointing to a door on the fore side.
 - W.T. DOOR:** A label pointing to a door on the aft side.
 - Brackets:** Labels pointing to structural brackets on the fore and aft sides.
 - Keelson:** Labels pointing to the keelson on both the fore and aft sides.
- Dimensions:**
 - Fore side keelson: "2' 1\""
 - Aft side keelson: "2' 1\""
 - Fore side stiffener: "2' 1\""
 - Aft side stiffener: "2' 1\""
 - Fore side stiffener: "2' 1\""
 - Aft side stiffener: "2' 1\""

Below the drawing, the text "B 10 85" is written, followed by the title "VERTICAL STIFFENERS ON FORE SIDE 5' DEEP ANGLES."
