Repairs. At the present time. Copper repaired and several  
Trunnels in topside shifted

General Observations  
and Opinion, as  
required by the  
Instructions

The general appearance of this vessel is favorable  
and presents nothing to shew she is in my opinion entitled  
to remain to the end of her term at present assigned  
The Copper is thin, has now been repaired sufficient  
for the coming voyage -

George Bayley
