General Observations and Opinion,  
 as required by the Instructions,

I saw this ship in November 1834 when  
her Black Strakes were out all around,  
the timbers were generally defective and very bad a break  
of each Mast. She was then sold to the present owners and  
inefficiently repaired as described by Mr Bayley - Mr Bayley & myself

The Amount of Fee.....£        is received by me.

Committee Minute 25 October 1836

Character assigned F J R

have again inspected her  
find she has worked at the  
lower beams, at the lower beam  
hook one of the lower beams and  
broken the topsides & Gunstrakes  
are not in the same condition  
the ship is in our opinion the
