Original Survey, No. 2148 & 2163 Dated 1836 Classed A.1
 Port London

Repairs. At the present time wood and copper sheathing stuffed
 the bottom bushed, some newly sheathed the bottom caulked
 the keel same ^{sheathed with wood} lined - filled and coppered

General Observations
 and Opinion, as
 required by the
 Instructions

The State of the Bottom proves good sound,
 the frame when seen is also in good condition,
and she is well fastened at the ends, and has
two full locks in each, is in an efficient state
fit for the conveyance of dry bulk cargoes
and in my opinion should be continued
as classified

Montgomery

The Amount of Fee.....£ 1 : 1 : — is received by me. at the Office

Committee Minute 17 Jan 1837

Character assigned Ant. F. 1 & second
