General Observations and Opinion, as required by the Instructions,

from the many iron riders skins & benches she has, she is strong as regards her fastenings. She has now been opened in the after body and the timbers prove very sound, her condition has been improved since last surveyed, and the bottom being doubled up over the lower part of opinion she is now fit for the service and of course the Amount of Fee £ 1 is received by me, it has been to sea and may happen to be
