REPAIRS This vessel was placed in dry dock and scraped bright from the metal-line upwards (with a view to reclassifying her in B.C.A., - Having pointed out to the Owner the requirements of the Rule for such survey, and from the defective state of the topsides and sheer strakes necessitating their removal for such class, the Owner caused the lower sheer strake to be taken out on both sides to see the frame with a view to restoration should it present a favourable appearance, - Where opened found the main heads, house timbers and quarter timbers on each side very defective and should be renewed for any class, - The Owner finding the repairs likely to prevent her making her intended voyage, the sheer strake has been renewed of pitch pine, windlass and bowsprit renewed with a view to restoration on her return.
