## REPAIRS

Now done; the yellow metal repaired, and the ship recaulked from the third seam inside the waterway to the metal line —  
The windlass stopped examined and found good —

### Present Condition of the

|                               |       |                                  |                  |                            |            |
|-------------------------------|-------|----------------------------------|------------------|----------------------------|------------|
| Decks                         |       | Treenails                        |                  | Windlass and Capstan       |            |
| Waterways                     |       | Breasthooks and Stemson          |                  | Pumps                      |            |
| Comings                       |       | Transoms, Pointers, and Crutches |                  | Boats                      |            |
| Upper Deck Beams & Fastenings | Good  | Timbers of the Frame             | Good             | Masts, Yards, &c.          | Good and   |
| Lower Deck Beams & Fastenings | where | Keelsons                         | where            | Sails                      | sufficient |
| Planksheers                   | seen  | Clamps and Shelves               | seen             | Anchors No. of             |            |
| Sheerstrakes                  |       | Ceiling                          |                  | Cables                     |            |
| Topsides                      |       | Rudder                           |                  | Hawsers and Warps          |            |
| Wales                         |       | Copper J.M.                      | When put on 1861 | Standing & Running Rigging |            |
| Plank (Bottom) and Counter    |       |                                  |                  |                            |            |

General Observations and Opinion,

Caulking of Bottom, Deck, & Waterways. Good where tested

This vessel is now in good and efficient condition and is eligible in my opinion to remain classed 12 A 1
