## REPAIRS

How done the yellow metal sheathing stripped off the bottom, and in accordance with the Rules Section 67. A stroke of wood sheathing has been taken out fore and aft under the wales on each side at the 1<sup>st</sup> futtock heads and listings have been cut from the sheathing at the keel seam and wood ends for the purpose of testing the Caulking which proved perfectly good. Sheathing has also been removed at the bilges and at the after deadwood for the purpose of examining the condition of the bolts. Several have been driven out and found good. The wood sheathing has been caulked and spiled, and sheathed with yellow metal on Telt, the bottom where exposed. Caulked -
