## REPAIRS

Surveyed this vessel in the presence of one of the Owners and found the planking badly wormed along the 'Copper line' and for about two feet or more upwards, likewise the stem, Rudder &c. - Recommended that the whole be removed and renewed (the Yellow Metal Sheathing and a part of the wood Sheathing has been stripped off.) The wormed planks &c yet remain on, and yet they were paying them over with Coal Tar, have put the vessel up for sale, and taken her out of Dock.
